WE ACCEPT:

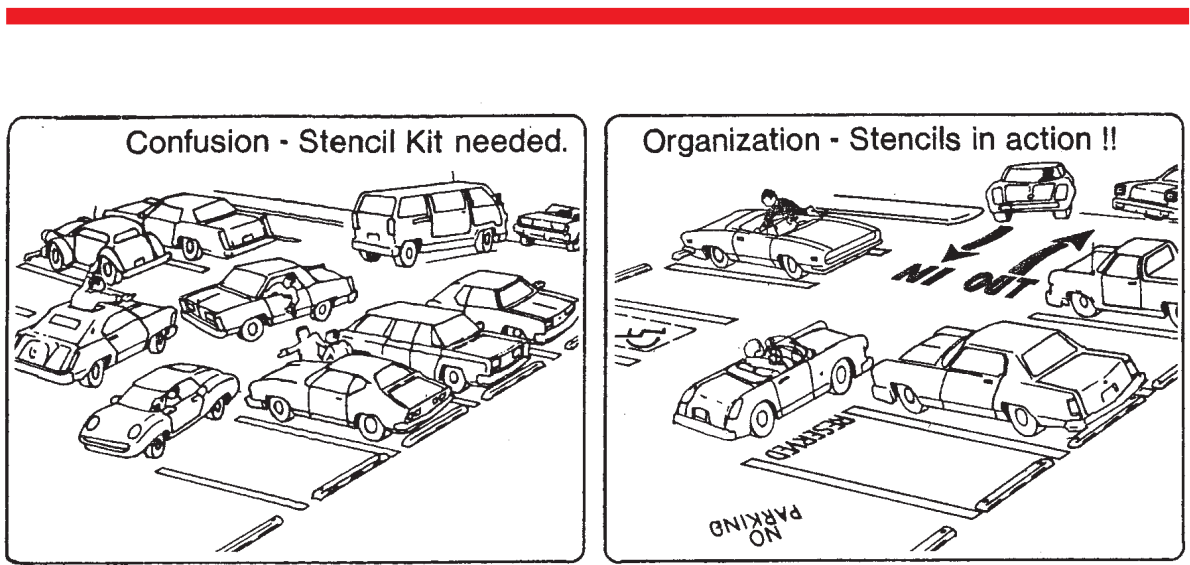

Thank you for your interest in our Poly Vinyl stencils. The following pages contain information and prices on over 300 standard ready to ship items. Materials used for all of our stencils are 100% virgin polymers with thicknesses of 1/8" and 1/16" gauge to withstand heavy use. Our stencils are all designed to meet D.O.T. specs nationwide. Layout and designs follow through to the smallest stencil, allowing you to create more visible and proportioned markings. All stencils are cut with ample overspray and are designed for a quality job. Our stencils are easy to transport, lighter than wood or metal and clean up easily. When paint dries, it easily peels from polymer.

We have designed patterns and legends to suit your every need in pavement marking. In addition, our stencils are designed for many other types of applications. Some of the many uses for our stencils are as follows:

- Industrial Floor Marking
- Wall Legends
- Machinery Labeling
- Factory Safety Awareness
- Athletic Fields
- Running Tracks
- Airports
- Logos

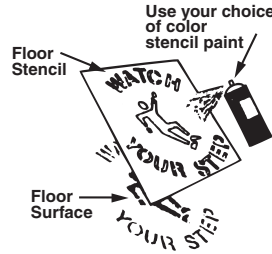

All of our stencils roll up easily for quick UPS shipping. Just order by item number or call us for a quote on any custom stencil you may need.

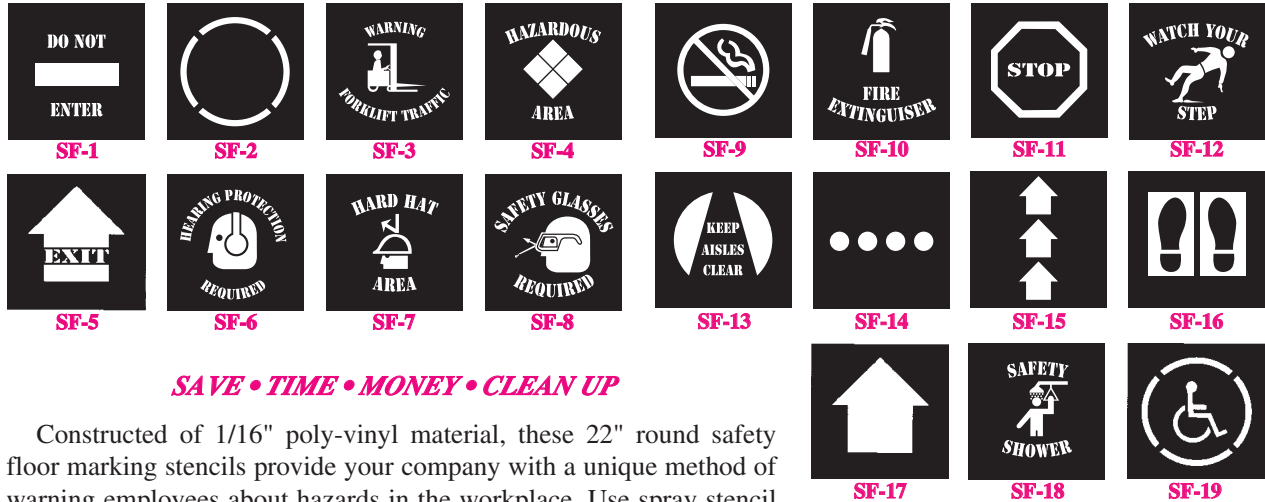

SAFETY FLOOR MARKING STENCILS

Poly-Vinyl Stencil SAFETY STENCILS

- LARGE 22" DIAMETER
- WORDS & GRAPHICS
- KEEP EMPLOYEES ALERT

- Provide a permanent safety awareness message for employees
- Constructed of durable plastic for use over and over again

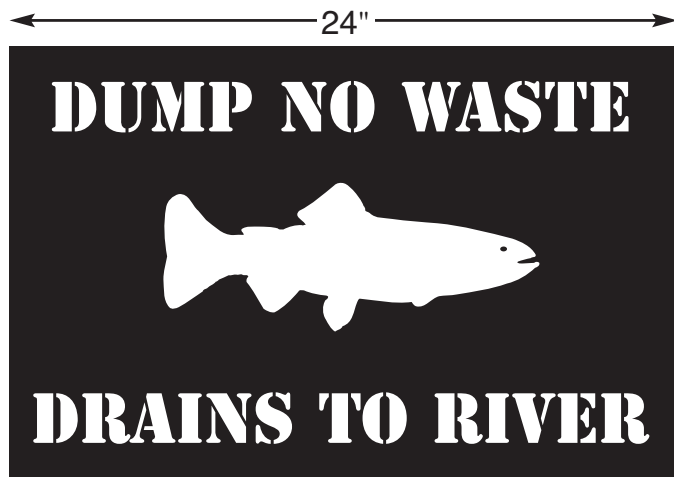

SAVE • TIME • MONEY • CLEAN UP

Constructed of 1/16" poly-vinyl material, these 22" round safety floor marking stencils provide your company with a unique method of warning employees about hazards in the workplace. Use spray stencil paint and permanently apply messages on floor, walls, or wherever you feel a warning is necessary. Just place the safety marking stencils on the area that you would like to apply the message—and paint!

The Best Stencil for the Job

Unlike wood, aluminum, and other stencils,
they won't break, warp, bend, crease or load
up with paint.

Virtually Indestructible Poly Vinyl Stencils are
designed for the heaviest use, misuse, and abuse.
With minimum care, they will last a lifetime.

QUALITY PRODUCTS AND FAST SERVICE!

All our stencils will always lay flat, yet will flex to conform to any surface—smooth or rough. Apply paint with brush, roller or spray equipment. Flexible stencils will not develop a paint build up. When paint dries, it simply flakes off.

Designed for heavy use, with minimum care our stencils will last a lifetime. Unlike wood, aluminum or other stencils, our stencils will not break, bend, crease, warp or load up with paint.

All stencils are cut to give crisp, accurate markings.
